Family May Have Given Up Fight to Commit Long

BATON ROUGE, La. (AP)—The departure of Mrs. Earl K. Long indicated today members of the Louisiana governor's family have given up the fight to keep him in a mental hospital.

Joe Arthur Sims, chief attorney for the firm, 63-year-old governor, said Mrs. Long's departure Tuesday night assured Long's release. Sims would not elaborate on his optimistic outlook, but said today he had checked the report of Mrs. Long's leaving and had confirmed it.

Mrs. Long's departure removes the chief opposing witness from a hearing today at Covington where the governor will ask Dist. Judge Robert Jones for his release from the Southeast Louisiana Hospital.

Judge Jones declined comment on Mrs. Long's decision. Mrs. Long had not indicated whether she would oppose the governor's latest bid for freedom. But Sims said he had summoned her as a witness.

There was also no word of opposition to the hearing from Sen. Russell B. Long (D-La.), the governor's nephew, or Dr. Arthur Long, who treated the governor after his profanity-strewn flareup in a legislative hearing four weeks ago.

At Sims' request, court attorneys issued subpoenas Tuesday for Mrs. Long and 15 others wanted at the hearing. Lt. Gov. Luther Frazer has been reluctant to take over as governor, was among those subpoenaed.

Statistics Prove Little Rock Industrial Development Lags Since Integration Trouble

LITTLE ROCK (AP)—What killed Little Rock's ambitious industrial development program?

The school integration crisis and subsequent school closings, says the Chamber of Commerce.

"Not necessarily so," says Gov. Orval E. Faubus, who presided at the crisis and closed the schools. "None of the industrialists who have talked with me have expressed any concern about the school situation."

"They've discussed it with us," said Boyd Ridgeway, Chamber manager. "We've had only one real good prospect since the racial crises erupted and he turned us down when schools were closed."

Chamber officials are sickened by the sudden death of their industrial project, one of the best in the country. One thousand acres of choice land has been set aside for industry and adequate financing for industrial development is waiting.

But, in the past two years, not one new outside industry has chosen to locate in Little Rock. And the total of new jobs added by creation or expansion by locally backed industries is a miserly 200.

And this central Arkansas city of 110,000 has transportation available labor and all the other factors appealing to industry.

The Arkansas Industrial Development Commission, a Faubus created agency which has about \$600,000 of state money to spend each year in promoting industry, takes the official position that it is impossible to tell whether Little Rock's industrial drought is directly linked to the school situation.

"Let the figures speak for themselves," said an AIDC spokesman. The figures show that 10 industries, five of them considered major, located in the Little Rock Industrial District in the two years prior to Sept. 3, 1957. Not one single commitment has been signed since that date.

On Sept. 3 Faubus ordered National Security Council review of the crisis.

Herter spoke grimly Tuesday night in reporting to the American people on the six weeks of deadlock at the Geneva foreign ministers conference on Germany. The negotiations recessed last Saturday until July 13.

In a 15-minute radio-TV speech, the American foreign affairs chief called on the Soviets to abandon their drive "to add more than two million free West Berliners to the captive peoples of Eastern Europe."

"This is the critical question," he said. "If the Soviets do not hold to this unambiguous design, we should be able to reach agreement on Berlin consistent with the honor and interest of all our countries."

The Reds latched on to the crisis by demanding an end to the erstwhile Allied occupation of West Berlin, Britain, France and the United States refused to pull out of the Communist-encircled city without an arrangement for its freedom. The Soviets rejected all Western offers.

Herter's stand drew similar expressions of support from House members.

U. S. diplomats hoped the evidence of solid congressional backing in both parties would help impress in Communist minds the need for a change in Moscow's policy if there is ever to be a peaceful solution to the German crisis.

Herter's Stand on Berlin Finds Plenty Support

WASHINGTON (AP)—Senate leaders of both parties pledged support today to Secretary of State Christian A. Herter in his Berlin policies.

Democratic Leader Lyndon B. Johnson of Texas told the Senate that the country is behind Herter in his firm stand against sacrificing the freedom of the people of West Berlin in any agreement with the Russians.

Republican Leader Everett M. Dirksen of Illinois said he was "never so proud of our secretary of state as I was last night" when Herter reported to the nation on the Geneva conference.

"He demonstrated forcefully that he deserves his spurs," Dirksen said.

Sen. Mike Mansfield of Montana, assistant Democratic leader, said the statements of Johnson and Dirksen "once again indicated to the world that Congress, regardless of party, is behind Secretary Herter."

Sen. George D. Aiken (R-Vt.), a member of the Senate Foreign Relations Committee, said Congress will back Herter to the hilt when negotiations are resumed at Geneva.

Mass Slayer Slated to Die on Thursday

LINCOLN, Neb. (AP)—Charles Starkweather, 26-year-old confessed slayer of 11 persons, is scheduled to die in the electric chair at the state penitentiary Thursday.

His execution will come shortly after midnight tonight—unless it is again stayed for more court action.

The fifth death date for the mad-haired killer was set Tuesday by the State Supreme Court after formal notice that the U.S. Supreme Court had declined to review the case was received.

Guy Starkweather, father of Charles, said he would file in District Court in Lincoln today for a writ of coram nobis, alleging illegal detainment, and asking a stay of execution.

Charles has contended he was not properly represented in his trial by two court-appointed attorneys. He was angered at the trial because the attorneys entered a plea of insanity in his behalf.

He was convicted of killing Robert Jensen, Bennet, Neb., school boy. Jensen was one of 10 victims of Starkweather's Nebraska and Wyoming during a four-day rampage in January 1958. A month before Starkweather had killed a filling station attendant in a holdup.

Contract Awarded on Highway Job

LITTLE ROCK (AP)—A Little Rock construction company, Reynolds & Williams, today was awarded a \$1,611,258 Arkansas Highway Department contract on a Mississippi County project after the low bidder refused to accept the job.

The Outfitter Construction Co. of Fort Worth, Tex., last month bid 1,325,370 for the project, but then said it had miscalculated and asked the Highway Department to cancel its bid.

The department refused and Outfitter took the matter to federal court. U.S. District Judge J. Smith Henley dismissed the case, saying it was a suit against the state and could not be maintained.

The project is for about eight miles of grading, surfacing and frontage roads and construction of an interchange between Bardslow and Hilton on new Interstate Highway 55.

Acting Highway Director R. B. Winfrey said the Highway Department plans to keep the \$35,000 bidder's bond which Outfitter was required to post.

David O'Rourke was announced the winner of 50 pounds of beef given by the local Montgomery Ward store in a recent freezer promotion.

Counterfeit Bills Found in Little Rock

LITTLE ROCK (AP)—Four counterfeit \$20 bills have turned up in Arkansas this month and the U. S. Secret Service believes they may have been put in circulation by a ring broken up last year.

One bill showed up at Little Rock (this week. Others were discovered at McCrory, Benton and Hot Springs.

The Secret Service said the bills were of a type passed last year by Mr. and Mrs. James M. Mulen and William E. Smith, all of Fort Smith. The trio was arrested at Little Rock and all three drew prison sentences for possessing counterfeit money.

They passed about 50 bills and some may still be in circulation, the Secret Service said.

Grieving Son Spots Slayer of Father

YAKIMA, Wash. (AP)—A grieving son on route to identify his murdered father's body spotted the family car pass by at dusk Tuesday. His alertness paid off. A husky mental patient, sought in the killing, was captured asleep in the slain man's car.

The manhunt ended in a roadside clump of bushes near the central Washington town of Cle Elum where John Bernard Doyle, 22, was found in the car. The capture came only hours after the body of Vivian Meagher, 56, Seattle salesman, was found shot and bludgeoned in desolate hill country 45 miles southwest of here.

Doyle, who escaped from Northern State Hospital June 9, was also wanted in connection with the pistol-whipping of a student nurse in Seattle Monday night. Frances Mullin, 23, identified Doyle as the man who attacked her outside her apartment.

Police found a revolver and Meagher's wallet and his identification papers in the car.

Doyle, a native of nearby Walla Walla, was jailed first in Ellensburg, Wash., and then transferred here by FBI agents.

The climax to the search came as John Meagher, 24, spotted the car on the busy highway.

Meagher and his uncle swung their car about and followed the other vehicle. After several miles, the other car pulled off the road. Meagher drove for help.

Negro Civic Group to Hold Banquet Friday

The Negro Civic Improvement Association will sponsor its first annual banquet Friday, June 26, at 8:30 p. m. in Harris Gymnasium.

The principal address will be given by E. L. Hawkins, Principal of Dunbar Junior High School, Little Rock. Proceeds will be used to provide recreational facilities for the youth.

Social hour will follow the banquet. Music will be furnished by "The Night Trainers," featuring Thomas Jordan.

The president, H. L. Washington, and the chairman of the entertainment committee, Hosea Watkins, invite all citizens in and around Hope to come out for an evening of fine food, entertainment and fun.

Ike Asks for Arms to Aid U. S. Allies

WASHINGTON (AP)—President Eisenhower asked Congress today for permanent authorization for arms aid to American allies, with actual funds to be included hereafter in the regular U. S. defense budget.

Sen. J. W. Fulbright (D-Ark) and Rep. Thomas E. Morgan (D-Pa.), chairman of the Senate and House Foreign Relations committees, promptly made clear Congress would not grant Eisenhower's request.

Eisenhower's proposal would split the legislation which Congress hitherto has always passed in a single yearly military and economic aid package. The arms assistance, under permanent authorization, would be included in the annual defense appropriation which carries sums for the U.S.-armed forces. Economic aid would remain separate.

The presidential plea came in an endorsement Eisenhower sent to Congress of unanimous recommendations by the special arms aid study group headed by William H. Draper Jr., a former undersecretary of the Army. The second interim report of the presidentially appointed group was made public today.

The Draper committee also advocated a down reforms aimed at strengthening the State Department's role in the massive overseas program and at cutting down red tape and confusion.

Group Would Open Payrolls to Public

WASHINGTON (AP)—The Senate Rules Committee voted today in favor of making senators' office payrolls public.

Sen. Kenneth B. Keating (R-N.Y.), leaving a closed-door meeting of the committee, told newsmen the action was taken without objection.

The committee action will put the question up to the Senate. Keating said the measure approved by the committee would require the secretary of the Senate to publish four times a year the names and salaries of all Senate employees.

The American Society of Newspaper Editors petitioned the Senate earlier to open to public inspection the record of salaries paid by senators to their employees.

The petition contended that citizens and taxpayers are entitled to know how public funds are expended.

Payrolls of House members are open for inspection, but the Senate attitude has been that the payroll question was one for individual senators to decide.

Some senators have made their payrolls public.

The question of payroll secrecy became a lively issue earlier in this congressional session with disclosure that numerous relatives of Congress members are on congressional payrolls.

Woman Killed in Cotter Accident

COTTER, Ark. (AP)—A Mountain Home woman was killed and her daughter and another driver were injured seriously in the head-on crash of a car and a pickup truck near here today.

State Trooper Bill Manes said Mrs. Jimmy Thorn, 61, was dead on arrival at a Mountain Home hospital after the collision on Highway 63. Her daughter, Miss Evelyn Clara Thorn, 27, who was driving the car, and Ray Warren, 46, Fairview, Ark., were taken to a hospital.

Rights Backers Fight Against Amendments

BULLETIN
WASHINGTON (AP)—The House today passed a states' rights bill strongly opposed by the Eisenhower administration. Republicans voted heavily for it, along with Southern Democrats.

The roll call for passage was 225-192.

The bill would in effect reverse a series of Supreme Court decisions by providing that federal laws do not automatically take over from state enactments in the same field.

It now goes to an uncertain fate in the Senate, which let a similar House-passed bill die last year.

WASHINGTON (AP)—Fighting uphill as the House moved toward a vote, opponents of a sweeping states rights bill maneuvered today to dilute it by amendments.

But the coalition of Southern Democrats and Republicans supporting the bill claimed enough votes to pass it intact in the House.

Its fate in the Senate would be more doubtful. Last year, the House passed a similar bill and the Senate let it die.

The bill has caused internal rows in both parties. The Eisenhower administration opposes it. Committee and most Republican but the House Republican Policy Southerners and members from outside Party, the split is between the rest of the country.

The bill, by Rep. Howard W. Smith (D-Va.), would provide that federal laws supersede state laws in the same field only if Congress expressly says so, or if the two are clearly conflicting.

A second section of the bill specifically provides that the federal anti-union law does not invalidate state sedition statutes.

Much of the steam behind the Smith bill was generated by the Supreme Court's decision in the Steve Nelson case. The court ruled that Nelson, a Communist leader, could not be convicted under a Pennsylvania state law of sedition against the United States because the federal sedition law took precedence in this field.

Rioters Give Up Under a Gas Attack

By HUELL E. WARREN
SPRINGFIELD, Mo. (AP)—Sixteen hours of rioting in the federal prison system's big medical center here left a backwash of "loot" cans marked, "Masks, Gas, M.O."

"That gas sure did the trick," said Leonard Appleby, 55.

For 19 years Appleby has been a guard at the big U.S. prison hospital, where 60 per cent of the 1,000 prisoners are insane criminals.

Tax Evasion Trial Starts for Gamblers

TERRE HAUTE, Ind. (AP)—Questioning of prospective jurors to hear the tax evasion trial of eight alleged syndicate gamblers was started today in U.S. District Court here.

Judge Cale J. Holder read and explained the indictment returned by a grand jury in Indianapolis last August.

It charged the eight men with failing to pay the 10 per cent U.S. excise tax on bets totaling \$3,383,151, which the Terre Haute syndicate was listed as handling in September, October and November of 1957.

Judge Holder overruled two defense motions which would have delayed the trial.

The defense asked for an indefinite continuance and for a change of venue on grounds that widespread publicity had created prejudice in Terre Haute, where the alleged nationwide betting syndicate had its headquarters.

Holder ruled the defense did not prove that any prospective juror had read, heard or been influenced by publicity.

As for a change of venue, Holder ruled there was no evidence that another federal jurisdiction exists "that is a vacuum tube or Utopia where newspaper publicity has not reached."

Defendants are: Jules Horwick, 55, and Leo Shaffer, 59, Chicago; Charles L. (Buck) Summer, 71, former Marion County (Ind.) sheriff; Edgar M. Wyatt, 61, Terre Haute; Joe Jacobs, 64, Indianapolis; Philip Share, 55, Irwin Gordon, 42, Las Vegas, Nev.; and James Tamer, 47, Detroit.

Churchwell-Anderson Wedding

Mr. and Mrs. Raymond Churchwell

Miss Bobbie Nell Anderson becomes bride of Raymond L. Churchwell.

Wedding vows, read by the father of the bride, united in marriage Miss Bobbie Nell Anderson of Cloverleaf, Texas, and Raymond L. Churchwell, son of Mr. and Mrs. S. L. Churchwell of Hope, on May 30, in the Second Baptist Church of Cloverleaf.

The bride is the daughter of the Rev. and Mrs. Edward Anderson of Cloverleaf. Besides performing the ceremony, the Rev. Mr. Anderson, pastor of the church, also gave his daughter in marriage. Music prior to the exchange of vows was rendered by Miss Betty Crites of Cloverleaf, vocal soloist, and Miss Marilyn Owens of Cloverleaf, pianist.

A gown of lace, net, and tulle was worn by the bride. It was designed with a portrait neckline, long sleeves, and a hooped skirt which had tiers of net ruffles cascading down the back. Her veil of illusion fell from a ribboned corsage, and a single strand of pearls was worn at her throat. The bridal bouquet was of white carnations.

Mrs. Joe Ed Anderson of Cloverleaf, sister-in-law of the bride, was her matron of honor, while Miss Linda Heron of Hot Springs, Ark., and Miss Annie Zorn of Cloverleaf, Tex., were the bridesmaids. They wore identical frocks of pastel blue and carried bouquets of pink carnations. White tapers and baskets of gladioli and stocks beautifully decorated the altar.

The bridegroom was served as best man by Donald Hobbs, of Tyler, Tex., formerly of Hope. Groomsmen were Joe Ed Anderson of Cloverleaf, brother of the bride, and Curtis Churchwell of Hope, brother of the bridegroom. Ushers, who also lighted the candles, were Lyle Allen of Hope, brother-in-law of the bridegroom, and Lloyd Gene Graham of Cloverleaf.

For her daughter's wedding Mrs. Anderson was attired in white with white accessories. Mrs. Churchwell wore light blue, and her accessories were black. Both had pink carnation corsages.

A reception was held in the church annex following the service. In the house party were Mrs. John McGinty, Mrs. Lester Casper, Mrs. D. L. Weisinger, and Mrs. Fred Zorn, all of Cloverleaf. Charles Thornton also of Cloverleaf, presided at the bride's guest registry.

Mr. and Mrs. S. L. Churchwell, Curtis and Nell, and Mr. and Mrs. Lyle Allen, Mary and Dennis, were those from Hope attending and taking part in the ceremony.

The bride is a 1956 graduate of Galena Park High School. The groom was graduated from Hope High School in 1958 and was a star football player. He will be a senior next year at the University of Houston, where he is majoring in diesel engineering. Mrs. Churchwell is employed at Gulf Oil Co. and the bridegroom at Texas Eastern Oil Co. They are at home at 13509 Bandera in Cloverleaf, Texas.

Herter Holds Little Hope for Solution

WASHINGTON (AP)—Secretary of State Christian A. Herter today showed no optimism about chances for agreement with the Soviets on a summit meeting.

This was the summary given by Herter to a group of House Foreign Affairs Committee members after a two-hour closed-door session of the committee.

Morgan said Herter's report of six weeks of negotiation with the Soviets at Geneva added up to this: "There was a complete deadlock."

Secretary Herter will outline his views on the Geneva radio tonight to the American people tonight. He is reported ready to proclaim an allied "no retreat" stand in future talks with the Russians on the deadlocked Berlin issue.

The address will be carried "live" by all major radio networks and by NBC-TV and CBS-TV at 8 p. m. (EDT). A delayed telecast at 9:30 p. m. is planned by ABC-TV.

Real Pleasure to Pinch Somebody

LITTLE ROCK (AP)—For Doris Jean Ruff, it's a real pleasure to pinch somebody.

That's because Miss Ruff, a polio victim since she was three, wasn't able to grip things until she got a new invention, a "mechanical muscle."

"It's a new experience to have any grip at all," the Little Rock medical technologist said. "She read about the device in a medical journal, and obtained one."

For Miss Ruff, who is used to picking things up by pressing them between her hands, the ability to grasp things is an awesome experience.

"You can't imagine what a funny feeling it is to pick up something," she said.

Race Increase Is Under Study

LITTLE ROCK (AP)—The Arkansas Public Service Commission has taken under advisement an application of United Telephone Co. of Arkansas for a 44.942 per cent rate increase.

The company operates 11 Arkansas exchanges. All are in east Arkansas except one at Siloam Springs in the northwest corner of the state.

Through error it was reported yesterday that the company seeking the rate increase is United Telephone Co. with headquarters at Alma. This is a different company, which is not involved in the rate case.

Win Foot Race Against Time

LITTLE ROCK (AP)—Mr. and Mrs. J. D. Byers have a healthy baby today—the result of a successful foot race against time at migrant farm worker, from Steele, Mo.

Shuburte's 15-year-old son, Samuel, and the auto driver, 19-year-old Eugene Calvert, also of Steele, were injured, but neither was believed seriously hurt.

DOROTHY DIX

Broken Promises Pave Rocky Way to Divorce

Dear Dorothy Dix: My wife is going to divorce me and take the two children. I think she has lost confidence in me because I did not always live up to what I said I would do. Do you think I will ever come back to her? I did some of these things? Would that restore her faith in me and bring us together again as a happy family? I love her very much. Oscar T.

Dear Oscar: Your note was brief and so I must do a lot of reading between the lines and base my advice on experience of many, many similar cases. No marriage can be successful on good intentions only. Promises must be backed by fulfillment, otherwise the load is too much for any woman. Apparently you promised much and did precious little until your wife finally gave up in disgust. Believe me, most women will endure quite a bit before they reach the breaking point. However, once they reach it, the damage is done, and chances of salvaging the wreckage are very slim. Furthermore, your wife knows in her heart that any promises you now make would likewise be broken. You want her and the children back and will promise anything to get them. Then what? Could you really make the effort and be a good husband or will you slip back to your old ways? Sorry, but I don't see much future for you. Your best bet, as you seem to realize is to do some of the things your wife wanted and then ask her back. Proof of your good intentions might convince her.

Dear Dorothy Dix: I'm a confirmed bachelor. I like to date girls but have no inclination toward matrimony. All the girls I know are aware of my attitude. But if I date someone a few times, then move on, I'm made to feel like a heel who has jilted the innocent maiden. My conscience is just a little worried about the evening of clean white rags. All girls seem to be rushing around and they read any day in their program. Isn't it possible to date a girl without a wedding ring? Wellings—W.S.

Dear W.S.: Hope springs eternal, etc. Even though you warn every girl you date that you have no matrimonial intentions they live on hope. You certainly are fair about the situation but girls have one-track minds and you can't change them. If you go on you'll be doing the same thing over and over again.

Dear Dorothy Dix: Would it be appropriate for me to send flowers for my boy friend's mother's birthday? We are engaged but have been going together for fifteen months and plan on being married when he gets out of service. J.W.

Dear J.W.: I'm sure the lady will be flattered and pleased by your floral offering. Send the flowers with a specially chosen card.

Queen's Tour Is a Major Success

By RELMAN MORIN
QUEBEC (AP)—After a slow start, Queen Elizabeth's tour of Canada is beginning to assume the proportions of a major success.

The crowds are growing. There are more and more spontaneous signs of affection and enthusiasm as the Queen and Prince Philip sail up the St. Lawrence River aboard the royal yacht Britannia toward Canada's big cities.

Ancient Quebec, the only walled city in North America, is buzzing with flags and decorations. The people are tingling with excitement over the possibility of catching a glimpse of the Queen wearing a diamond tiara and a regal gown for the state dinner the provincial government of Quebec is giving tonight.

School Bus Driver Law Is Invalid

LITTLE ROCK (AP)—An enactment clause left out of a 1953 state law makes the law invalid, Secretary of State C. G. Hall said yesterday.

The law, Act 222, required school bus drivers to pass State Police driver tests every three years.

The oversight was found during a comparison of the official acts filed with Hall against copies being prepared by printers.

Rep. T. E. Tyler of Pulaski County sponsored the act.

Housing Bill Veto May Be Recommended

WASHINGTON (AP)—Maurice H. Stans, director of the Budget Bureau, said today he would recommend that President Eisenhower veto the \$1,375,000,000 comprehensive housing bill.

The Senate passed the measure Monday. House approval would send it to the President.

Stans was asked about a possible veto of the measure at a meeting of the Senate Finance Committee on the corporation and excise tax extension bill.

The budget head said Eisenhower never commits himself in advance on this question. But, Stans added, "I would recommend a veto."

Matter of FACT

The city named The Hague, is called Gravehage or Den Haag by the Dutch. The name means "the count's hedge." The Hague was originally a hunting lodge in the middle of a forest. In the 13th century the counts of Holland made it their permanent residence. The city centers around the governmental buildings in the Binnenhof or "inner city."

HE'S SCARED — Ex-Marine Dick Walker, 34, handles seven big cats as the lion tamer in a new film, "The Big Circus." He admits he's scared in the cage. But, he says, it keeps him alert.

CASTRO'S SON HURT — Fidel Castro Jr., 9-year-old son of the Cuban leader, is being treated for injuries received in a Havana auto accident. The boy suffered chest, abdomen and arm injuries.

TRES CHIC — Lili, a black Fawn poodle, sports snappy convertible wear alongside Brenda Baumhart, left, and her owner, Charnell Thomas, both of Eaton, Ohio.
